

## PS4/PS5™ SETUP CONFIGURATION POUR PLAYSTATION

### PS4:

In order to hear the in-game audio through the headset, you must make sure that your ps4™ system is set-up as follows:

Settings > Devices > Audio Devices > Output to headphones > All audio

#### ADJUST THE HEADSET AUDIO LEVELS

the volume level of the headset and microphone can be adjusted within the PS4™ system menu as follows:

**HEADSET VOLUME:** Settings > Devices > Audio devices > Volume control (headphones)

**MICROPHONE LEVEL:** Settings > Devices > Audio devices > Adjust microphone level

(Adjust the microphone level until the indicator shows 'good')

### PS5:

Connect your wired headset to the 3.5mm port in the DualSense controller. Once you do this, the microphone function will automatically switch from the controller's integrated mic to your headset.

Go to Settings >> Sound >> Audio Output >> Output Device

Select Headset Connected To Controller for Output Device

Set Output to Headphones to **All Audio**

Go to Settings >> Sound >> Volume >> Headphones

Set Volume Control (headphones) level to Maximum

Adjust your microphone levels by going to Settings >> Sound >> Microphone >> Adjust Mic Level >> Microphone Level

Make sure your mic isnt muted. You will know your mic's in mute if you press the Mute button on your PS5 controller.

\*As desired, you can enable the 3D Audio function to enhance the audio through your headset. Go to Adjust 3D Audio Profile to select the best profile option for your game.

## NINTENDO SWITCH™ SETUP CONFIGURATION POUR NINTENDO SWITCH

### EN:

Insert the headsets 3.5mm jack plug into your Nintendo Switch™ Console. The Headset should work upon connection . Chat available for games that support chat.

### NL:

Sluit de aansluiting van 3,5 mm van de headset aan op de Nintendo Switch™-console

### PT:

Inserir o conector de 3,5 mm dos auscultadores na consola da sua nintendo switch™.

## PC / MOBILE & TABLET CONFIGURATION POUR PC/ MOBILE ET TABLETTE

### WINDOWS:

Most new pc's have a single 3.5mm jack connection. Simply plug the 3.5mm jack from the headset directly into the port on your PC. The same applies when connecting to a mobile or tablet.

If your PC uses separate **Green/Pink** connectors you will need a PC Splitter Cable (**Sold Separately**)

On your Windows 10/11 PC, please click the **'Search'** icon on the bottom left hand side of your computer - normally looks like a magnifying glass icon

Type into the search bar **'Sound'** > **'Sound Settings'** should be presented as an option. Click this. Alternatively, press the **'Sound Icon'** in settings

Once you've done this, you should be taken to the following section, with the Audio Settings sitting first.

Select **'Headphones'** for **'Input'** and **'Output'**

And then as you scroll down, the Mic Settings sitting just below **'Device Properties'**

Finally to test whether all is good and whether your headset and mic is working correctly, proceed to the **'Test Your Microphone'** or **'Start Test'** option.

### MAC:

Simply plug the 3.5mm jack from the headset directly into the port on your Mac.

Go to **'System Settings'** and select **'Sound'**

Select **'Headphones'** on the **'Output'** tab

Select **'External Microphone'** on the **'Input'** tab

To test your microphone speak into the mic and you will see the **Input Level Sound Bar** moving to signify the mic is working. Also press the mute button on the headset to test the mute function, if the **Input Level Sound Bar** doesn't move then the mic mute is working properly on the headset.

You can adjust the Input and Output volume accordingly.

### Legal information

Please keep this instruction manual for future reference. If you require any help or assistance please contact us at [help@abptech.co.uk](mailto:help@abptech.co.uk)

### Warranty

This product is guaranteed for a period of one year from the date of purchase. During this period if there is a defect due to faulty materials, or workmanship the retailer from whom you purchased it will replace it with the same or a similar model on production of your purchase receipt or proof of purchase. This guarantee does not cover defects arising from accidental damage, misuse or wear and tear, and is available only to the original purchaser of the product. This does not affect your statutory rights.

To prevent possible hearing damage, do not listen at high volume levels for long periods.

### Precautions

- Ensure that the volume control is set to the minimum level before connecting the headset to your system
- Before wearing the headset, set the volume control to its minimum level then slowly increase until you reach your desired volume level
- Listening to your headset at its maximum level may cause damage to both the headset and your ears
- Long term exposure to loud music or other sounds in a headset may cause hearing damage. It is best to avoid very high volume levels when using a headset, especially for extended periods

### Important Safeguards & Precautions

- Never expose to direct sunlight or wet weather conditions
- Do not expose the unit to splashing, dripping, rain or moisture. Do not immerse in liquid
- Do not expose to dust, high humidity, high temperatures or mechanical shock
- Avoid any unnecessary strain of the cable
- Do not carry the headset by its cable
- Do not use if the equipment is damaged
- Do not disassemble; there are no serviceable parts inside
- For external cleaning, use a soft, clean, damp cloth only. Use of detergents may damage the cabinet finish and leak inside

### Recycling

Where you see this symbol on any of our electrical products, batteries or packaging, it indicates that the relevant electrical product or battery should not be disposed of as general household waste in the EU or Turkey. To ensure the correct waste treatment of the product and battery, please dispose of them in accordance with any applicable local laws or requirements for disposal of electrical equipment/batteries. In so doing, you will help to conserve natural resources and improve standards of environmental protection in treatment and disposal of electrical waste.

The recycling and processing of Waste Electrical and Electronic Equipment will make a significant contribution towards helping protect the environment by reducing landfill waste.

Not recommended for children under 6 years of age.
